

DICK

To be Successor of Hanna

Herrick Announces That He is No Candidate

WHILE BOSS GEO. B. COX SAYS HE IS FOR DICK.

IMPORTANT STATEMENTS MADE

In Cleveland Today by the Governor and the Cincinnati Leader—Now Looks Like Dick.

Cleveland, O., Feb. 20.—(Bulletin)—Gov. M. T. Herrick announced today that he would not be a candidate for Senator, but would remain in the gov-

HON. CHARLES DICK, error's chair. This makes the selection of Gen. Dick to succeed Hanna almost certain.

Cleveland, O., Feb. 20.—(Bulletin)—Geo. B. Cox has just come out for General Dick for Senator to succeed Hanna for the long and short terms. This means that arrangements are complete to boom Herrick for vice president with Roosevelt. Dick will be United States Senator and Cox the new leader of the Ohio Republicans.

Columbus, O., Feb. 20.—The race for United States Senator is growing more interesting. A wire from Cleveland today quotes Geo. E. Cox as saying that he is not and will not be a candidate. The opinion here is that the race lies between Gen. Dick and Governor Herrick and friends of both are confident of success. One prominent Republican told the Advocate last night that Herrick would surely win, and within a half hour a man in close touch with the Legislature declared positively that Dick would be Senator Hanna's successor.

Cleveland, O., Feb. 20.—At the Hollenden hotel this morning George B. Cox said emphatically: "I have not been. I am not, I will not be, a candidate for the United States Senate to succeed Hanna."

JEWELS AND MAID BOTH MISSING

Washington, Feb. 20.—Mrs. H. C. Payne, wife of the Postmaster General has reported to the police the theft from her apartments in the Arlington of \$1600 worth of jewelry and \$50 in cash, also the coincidental disappearance of her maid.

SEVEN

Killed and Score Hurt in a Paris Explosion Today.

Paris, Feb. 20.—Seven men were killed and 22 others injured today during a fire caused by an explosion in a tortoise shell factory on the Boulevard Sebastopol.

The workmen killed were caught in the upper floors, and were unable to make their way through the flames to the ground.

INSURANCE LOSS

IN BALTIMORE FIRE AMOUNTS TO \$32,000,000.

Few People Occupying the "Fire Proof" Buildings Carried Insurance—Losses published

Baltimore, Feb. 20.—The Baltimore Underwriter in its issue today prints the list of losses of all the fire insurance companies in the Baltimore fire.

The total gross loss is \$32,864,394, of which \$6,000,000 falls upon the local companies.

The estimated total of salvage is \$1,769,762, which leaves a net loss of the insurance companies of \$31,095,132.

It has been learned that many of the large wholesale dry goods houses formed an insurance pool among themselves, which amounted to about \$5,000,000, from which practically nothing will be realized.

Another development is that very few tenants of the so-called fireproof buildings carried any insurance.

NEGRO BURNED

AT THE STAKE BY AN ARKANSAS MOB NEAR CROSSET.

Several Hundred Men Wreak Vengeance Upon the Murderer of a Planter.

Little Rock, Ark., Feb. 20.—Glenco Bays, a negro, hunted down by a mob, was burned at the stake yesterday near Crossett.

He was charged with the murder of J. D. Stephens of Ashley county. Stephens who was a wealthy planter, had a few words with Bays Thursday, the negro later securing a shotgun and killing Stephens at close range.

Bloodhounds were brought on a special train from Lake Village. They readily took the scent and traced the murderer to his father's house, where the negro was found hiding in a well.

A mob, composed of several hundred men, surged around and dragged forth the murderer who made full confession.

With hands and feet tied he was bound to a stake in his father's yard. Brush was piled around him, the torch applied and the man slowly burned to death.

A Parisian found a neighbor hanging by the neck and promptly cut him down. The rescuer then thereupon struck his preserver over the head, inflicting upon the man who had "hanged in" a fracture of which he is likely to die.

JEWES

Are Driven Out of Russia

Those In Towns Along the Siberian Railway

TRAMPING THROUGH THE SNOW TO PLACES OF SAFETY.

THREE THOUSAND SUFFERING.

And Many Are Not Likely to Survive Hardships of Journey Says a Berlin Dispatch.

Berlin, Feb. 20.—(Bulletin)—Jews here have received information that the Russian government has expelled the entire Israelite population of Omsk, Tomsk, Yakutsk and all the towns along the trans-Siberian railroad on the ground that they might betray military secrets to the Japanese. The expelled Jews are not allowed to use the railroad and have begun a long tramp through the snow and in bitterly cold weather to places of safety. Three thousand are affected many of whom are not likely to survive the hardships of the journey.

MISS HILLMAN IS SAFE IN KOREA

Confirming the news printed several days ago in the Advocate the Delaware Gazette has this to say regarding Miss Hillman:

The many Delaware friends of Miss Mary Hillman, of Newark, will be relieved to learn that she is not in the slightest danger because of the war now existing between Russia and Japan. Miss Hillman is a Methodist missionary now serving in Korea, and intelligence received in the form of special telegram from Rev. E. M. Cable, who is in charge of the Chemulpo colony, to the Methodist Board of Missions, gives absolute assurance that all the missionaries are safe.

Miss Hillman is the daughter of Mrs. Phoebe Hillman, who resides at White Chapel, Licking county, and the granddaughter of the late Rev. Benj Green, one of the pioneer ministers of that section. She graduated from Ohio Wesleyan, class of '92, and afterwards attended the Woman's College at Herkimer, N. Y., before leaving for the foreign field. Miss Hillman is a sister of Rev. John L. Hillman, O. W. U. '86, now pastor of one of Cleveland's largest churches, and a cousin of Miss Mary B. Dicken of Monnett Hall.

WHEAT HIGHER

Chicago, Feb. 20.—The price of May wheat continued its upward journey this morning when the board of trade opened, selling from \$1.02 3/4 to \$1.04 and back again to \$1.04 3/4. Armour controls the market and it is said that he does not care to permit the figures to get too high because of the liability of too much grain being unloaded. May wheat jumped to \$1.07 today and closed at \$1.05 3/4.

INSANE ASYLUM IS DESTROYED PANIC OCCURS

PATIENTS RAN AWAY CLAD IN NIGHT GOWNS.

Attendants Had Great Difficulty In Getting People Out of the Building.

Racine, Wis., Feb. 20.—The Racine County Insane Asylum, four miles west of this city was destroyed by fire last night. In the panic that followed among the 133 inmates, a number of patients were severely injured and ten ran away, dressed in their night clothes, and have not been found. It was with the greatest difficulty that the attendants and employees managed to get all out of the burning building. The asylum is a total loss. The building was valued at \$95,000. The fire is believed to have been started by one of the patients playing with matches.

CLASS COLORS

GUARDED ALL NIGHT BY FRESHIES AT DELAWARE

Fair Freshman Girls Stood on High Platform All Night With Thermometer Below Zero.

Delaware, O., Feb. 20.—Standing on a platform erected near the top of the 150 foot flag pole on the campus of Ohio Wesleyan university, a fair freshman girl stood all through last night with the thermometer at 10 below zero. Below the entire body of the freshmen boys stood guard and successfully routed the sophomores who time and time again endeavored to gain possession of the big pole. Just before dawn the fair "Goddess" descended from her lofty perch and was successfully escorted away from the grounds without her identity being learned. Several freshmen immediately took the girl's place on the platform and the colors of "07" still fly.

WOMEN

Arrested in Wichita and Will be Brought to Ohio—Well Dressed and Had Money.

Wichita, Kan., Feb. 20.—Kate Phole and Lillian Stevens were arrested here last night on information furnished by the sheriff of Crawford county, Ohio, charging them with manslaughter, alleged to have been committed in Bucyrus O., several days ago. The officer traced the two women to Gage, O. T., and from there to this city. Both are richly dressed and have money. They say they saw the killing, but deny that they had anything to do with it.

The victim was a young man who was clubbed to death. The women say that the killing was done by the rival for the hand of one of them. The women agreed to go back to Ohio without extradition papers.

PANIC

On Bourse Due to War Rumors

Russian Land Forces Are Concentrating

CONFUSION IS SAID TO EXIST IN RUSSIA.

ALL EUROPE IS STILL AT SEA

As to the Probable Point of Next Attack in the Russo-Japanese Conflict

Paris, Feb. 20.—A fresh panic occurred on the bourse today due to an alarming rumor regarding international complications as a result of the war in the far East, especially affecting England and France. French rentes fell to 94 1/2, exterieure to 77. Tels to 76 3/4, Russiens to 89 1/2. Spanish rearmament and Spanish exteriors each fell two points.

Chifu, China, Feb. 20.—Word reached here today that the Russian land forces are concentrating between Mukden and New Chwang, Manchuria. Troop trains are arriving there with considerable precision. The Russians at Port Arthur are again in a boastful mood. They deny the reports of another naval action and further damage to their cruisers.

Rome, Feb. 20.—Roman Catholics in China, Australia and New Zealand are urging the Pope to support Russia, asserting that success for Japan would be fatal to Catholicism and western civilization.

Birmingham, Eng., Feb. 20.—The London correspondent of the Post says today he has seen a private letter from a prominent government official at St. Petersburg, stating that the most extraordinary confusion exists in practically all the Russian government departments, save perhaps the admiralty, "which appears to be stunned or dead from Japanese onslaughts and the fact that ships destroyed or damaged can not be replaced."

Regarding the war department the official says: "Official provision has been made during the past two years and since the Anglo-Japanese convention of 1902, especially for any eventuality, but now the precise whereabouts of thousands of tons of stores and ammunition which have been collected in Siberia and Manchuria cannot be fixed." Turning to the financial department the official says here too there is considerable chaos. He says: "All might be well if the treasury had plenty of ready cash. The idea that we had a war reserve large enough to pay for the first year of a war with any power has been exploded and it's very doubtful if there is actually sufficient to pay for the preliminaries of a campaign against Japan, which all thinking men here recognize only too well will be a long and trying one. Everything therefore depends on our ability to obtain an early loan of at least one billion francs. From reports

JURY

Was Out 41 Hours Before Reaching a Verdict.

Sandusky, O., Feb. 20.—After 41 hours debate the jury this morning brought in a verdict of manslaughter, against Lorenzo Martin, colored, for killing Otto Mischke. Mischke was a union man, at Fremont, and Martin was a strike breaker. The killing was the result of a riot last June. The defense almost secured an acquittal. The case was transferred from Fremont on account of the alleged union and racial prejudices.

'PRONED WIFE

THAT HE HAD TAKEN A DOSE OF POISON.

Mrs. Godman Had Doctor at Home When Her Husband Arrived and Man May be Saved.

Dowling Green, O., Feb. 20.—Bert Godman of this city telephoned to his wife from down town yesterday that he had taken a fatal dose and was coming home to die.

The wife with rare presence of mind sent for a doctor and got every available antidote ready. When her spouse came in he was in a state of collapse and fell to the floor. He told her he had taken morphine, and she began the work of restoration.

Soon the doctor arrived and they worked hard with the man who was determined to die. He is still alive and may recover.

FIRE AT O. S. U.

CHEMICAL LABORATORY BURNED FRIDAY NIGHT

No Insurance—Supposed to Have Caught from Wind Blown Gas Flame—The Loss.

Columbus, O., Feb. 20.—The chemical laboratory at Ohio State university was destroyed by fire last night. The loss is estimated at \$57,000, of which \$62,000 represents the value of the building and the remainder equipment and material. There is no insurance. The fire is supposed to have been caused by a draft blowing a gas flame against woodwork.

APPEAL

For a Better Navy Made in Congress Saturday by Mr. Dayton of West Virginia.

Washington, Feb. 20.—In the House today the Indian appropriation bill was reported by Chairman Sherman of the Indian affairs committee. The House then went into committee of the whole for further consideration of the naval appropriation bill and Mr. Dayton of West Virginia opened the debate urging for a greater American navy. "We have upon us the necessity of defending ourselves at sea," Mr. Burton declared. "If we are assailed it will be on sea and the defense must be on sea." England, he said has fifty battleships, but the United States has only eleven. France has more than the United States. "Where would this great republic stand in a contest with France or England, or against both of these countries, if they were allied against us?"

SCORE

Killed in a Wreck Near Ogden.

Little Village Destroyed By the Explosion.

THAT OCCURRED WHEN FREIGHT TRAINS COLLIDED.

MANY PEOPLE BLOWN TO ATOMS

Only a Few Left Enough Remains to be Identified—Death List is Not Completed.

Salt Lake, Utah, Feb. 20.—(Bulletin)

—It is now certain that more than a score of people were blown up in a train wreck near Ogden, which exploded two cars of giant powder as two freight trains collided last night. The little town of Jackson, where the wreck occurred, was totally destroyed and a thousand feet of track was blown up. Many of the dead were blown to atoms and only a few left enough remains to be identified. The death list compiled so far is as follows:

Owen Dermody, conductor, Beaver Dam, Wis.
Joseph Taylor, telegraph operator, with his wife and three children.
Thomas Burke, roadmaster.
W. J. Burke, general track foreman.
Wm. Hollar, mail messenger.
All other dead were Greek and Italian laborers.

PANHANDLE WRECK

Chicago, Feb. 20.—Panhandle passenger train No. 6 collided this morning near Hobart, Ind., with an east bound freight. The baggage and mail cars and the second coach were telescoped and the engine demolished. The dead: Charles Strayer, baggage master.

Injured: Mail Clerks Brickers, Gower and Thomas; Fireman L. A. Lindner, E. C. Reisenberg, C. F. Haverin, passengers.

No. 6 left Chicago at midnight and overtook the freight in a fog an hour later. The wreckage piled on the tracks delayed traffic for ten hours.

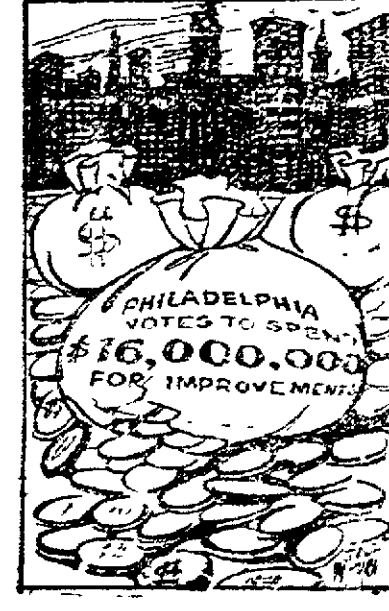

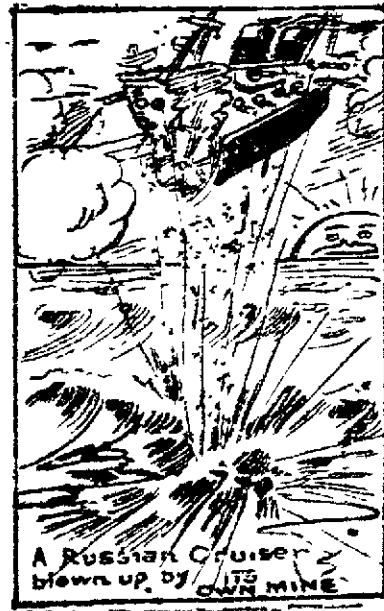

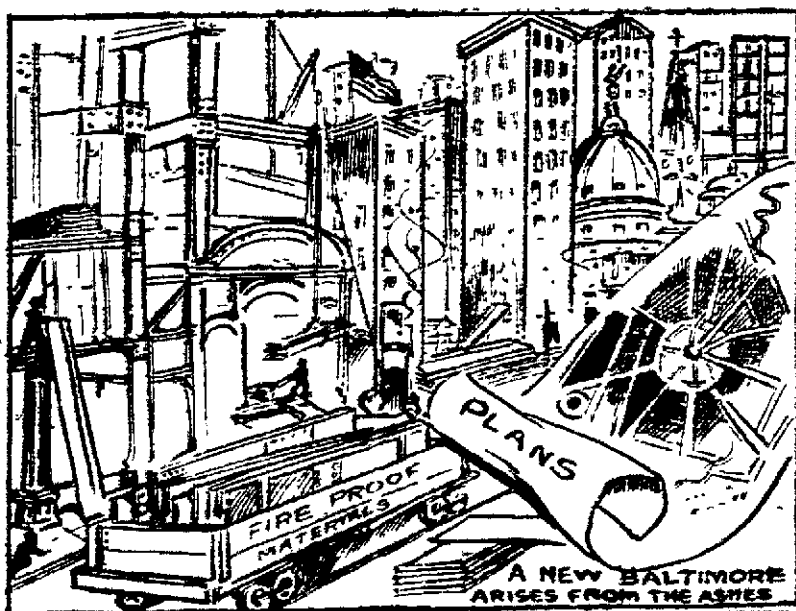

THREE ARE KILLED MANY INJURED

Peterson, N. J., Feb. 20.—A terrific explosion of gun powder at Wayne, nine miles from here this morning, killed three men, injured a large number of others and totally demolished three buildings of the Wayne Powder Mill company. The dead are:

Fred Veitner, Wayne.
A. L. Jackson, Lincoln Park.
James Weit, Peconic.
There were between 40 and 50 men at work in the mills when the explosion came, and none of these escaped without some injury.

The new Cathedral at Liverpool will be remarkable for its high vaulting of the nave and choir—116 feet, measured in the barrel vaulting, and in the high transepts, 140 feet.

Mothers and Daughters

Every woman who has a grown daughter knows well the worry and anxiety which always comes at that period of life when the girl enters into womanhood. Upon a girl's conduct at this time depends her future health, strength and happiness. Too much care can not be taken to see that she passes through this period safely.

AUNT DINAH'S OLD VIRGINIA

Herb Tea

A BOON TO WOMANKIND

Of the greatest assistance to nature in bringing about the change which takes place without disturbing the natural functions of the system. It is a strengthening tonic. It will keep the roses in a girl's cheeks and prevent that tendency to decline which so often endangers her life at this critical point in development.

This Herb Tea is likewise of corresponding value and assistance to mothers and mothers at the end of this period. Its use at this time prevents endless pain and worry. A woman will enter the evening of life with scarcely the knowledge that the change has occurred. Many are the thankful women who know the value of Aunt Dinah's Old Virginia Herb Tea and are grateful for the benefits derived from its use.

Property to the value of \$170,000, was destroyed by fire last year in this country. And people still go on building of wood, when absolutely fireproof burnt-clay products cost but little, if anything, more than wood.

Coffee drinking was forbidden to all but the wealthiest classes in Westphalia in 1766. Five years later, to enforce the ordinance, a penalty was imposed on anyone importing less than 50 pounds of coffee at a time, or distributing or selling it to others.

The treasure hunting craze has invaded Vienna and thousands of Viennese are now digging all over the place.

In London a \$10 book has been published that the author may convince his readers—if any—that Columbus was born in 1451.

In Granville it has been true that a minstrel show will draw a large and enthusiastic audience from the elite of the village, and these who are supposed to be developing culture and refined taste, while a symphony concert or other meritorious musical entertainment will be given to a handful of musicians. A man of Mr. Judson's character and musical ability needs more to make his work the success it deserves to be than his salary. He must be encouraged as he merits, and be shown that he is in a congenial atmosphere, or the people of Granville will some day wake up to the fact that they have lost a most valuable asset to the capital of the conservatory.

CHARLES SMITH, LEADER.

Mr. Charles Smith, until recently leader of the Auditorium orchestra, will next season have charge of the orchestra at Idlewild Park. He has already made arrangements for some of the men who will be with him during the season which include Wail and Frank Reynolds of Newark, W. C. Oshorn, bass, and Mr. Schellick, violinist, both of Trenton, N. J., who played at the park in 1902.

COMING CONCERT.

Newark and Granville musical circles are at present interested in concert to be given in Columbus under the auspices of the Woman's Musical Club, at which Mrs. Schumann-Helk is to be the soloist, on the evening of March 17. There will be nearly 40 attend from Granville and Newark, nearly that many having signified their intention to purchase tickets. The Woman's Club is one of the leading musical organizations of Columbus and their concerts every other week, as well as the three artists' concerts of which that on March 17 is one, are among the big events in the musical world of Columbus.

Miss Mary Baldwin of Newark, a daughter of Dr. and Mrs. Wm. Baldwin, is a member of this club, and anyone who intends going should see her in regard to seats, and thus save considerable trouble.

COLUMBUS GRAND OPERA.

The most important musical event for the winter in Columbus, and for that matter in this part of the country, will be the Opera Festival at the Great Southern theatre on Thursday, Friday and Saturday of next week. Henry W. Savage's famous English Grand Opera company and orchestra of thirty musicians, have been secured for four performances, when the operas of "Otello," "Lohengrin," "Carmen" and "Bohemian Girl," four of the most popular in all grand operatic literature will be presented. They will be given in their entirety, Mr. Savage's productions being the only ones in this country that rival those at the Metropolitan in New York.

This being the first time in eight years that this organization will be heard for an engagement of less than one week. Youngstown, Wheeling and Columbus have posted heavy guarantees and the special train of twelve cars that carries this big company with its immense equipment of scenery, will make three stops on its way from Buffalo to Louisville.

The singing forces of the company number 110, including a score of prima donas, tenors, baritones and basses, many of whom are singing for the first time in America this season, after years of study and singing abroad.

Bidders are required to state the number of bonds bid for, and the gross amount they will pay for the bonds bid for, with accrued interest to date of transfer.

The right to reject any and all bids is reserved by the Board of Education.

Proposals must be sealed and endorsed "Bids for school bonds," accompanied by \$100.00 in cash, or its equivalent, as a guarantee of good faith, and addressed to the Clerk of the Board of Education of the School District of the city of Newark, Ohio. 2-20-92t S. W. HAIGHT, Clerk.

Consumption Wrongly Diagnosed as Malaria.

Every physician knows how prevalent latent consumption is. It is frequently taken for malaria, or some other ordinary ill, for which the physician prescribes, really not knowing and not wishing to know that it is consumption.

First, there is a feeling of weariness, easily recognizable, a feeling of languor and sensitiveness to cold and exertion, which are the forerunners of the first stage of consumption. At this stage Professor Hoff's Cure gives immediate results. Chronic bronchitis, asthma and the various forms of catarrh require but a few weeks' treatment.

It has been demonstrated that with the chronic cough or the chronic cold which does not give way to ordinary treatment there is more than the usual chance that there are germs present. It is not necessary even to look for the cough. Frequently a continued running of the nose is a symptom which should not be unnoticed. A cough must be regarded as only one of the most prominent symptoms, but not necessarily present. Loss of appetite may indicate the presence of consumption in its unsuspected form. A feeling of weariness after the slightest exertion is present in a majority of cases of latent consumption. Persistent or even slight rise in temperature without apparent cause is another symptom, often attributed to something else.

But one way exists to cope with latent consumption. That is, if there is the slightest ground to suspect the presence of the disease, to begin at once with the Hoff prescription which cured Hammann, the American test case sent to Prof. Hoff, at Vienna, at the expense of the New York Journal, and which works a cure in every case where the diagnosis is doubtful.

Those who have been cured seek to become missionaries to heretofore the wonder of Professor Hoff's medicine:

American Bureau, Bendiner & Schlesinger, Third Avenue and 10th Street, N. Y.: Gentlemen—Enclosed find draft for \$2.00, for which please send me 6 bottles of Prof. Hoff's Cure for Consumption. Some two years ago I was troubled with a bad case of bronchitis. I bought three bottles of Prof. Hoff's Consumption Cure, and it cured me. Since then I have bought of you several bottles for my friends which have given good results. If you establish any agent through the country for these remedies, I would like to have the agency here. Please let me hear from you regarding this matter. Yours truly, C. E. COUCH, Sheridan, Ind.

Home, sweet home! A longing now to be realized. American Bureau, Bendiner & Schlesinger, Third Avenue and 10th Street, N. Y.: Dear Sirs—Enclosed please find P. O. order for \$1.00, for which please send me one bottle of Prof. Hoff's Cure for Consumption.

I wish to state that since I last ordered, which was about two months ago, I have gained eight pounds, and am able to put up a good day's work on a ranch where I am stopping. My vomiting has stopped. I have no more night sweats and cough none at night and very little in the day.

I wish you would kindly inform me as to whether it would be safe for me to return to Chicago (my home) after I get in such shape as I would judge myself cured. I have been told that people who have come here for their health and think they are cured in a reasonable length of time are not able to live in the East again. Of course, I am depending a great deal on the Prof. Hoff's Cure, as well as the climate. I was here over a year, and got worse every day until I started taking the Prof. Hoff's Cure. Five months ago I did not expect to live over a week; now I can put up a good day's work.

Hoping to receive medicine in good order and to hear from you soon, I am, Respectfully yours, CHAS. A. BOOTH, Box 48, Old Albuquerque, New Mexico.

The cure of a father and encouragement to the son. A medicine for posterity. American Bureau, Bendiner & Schlesinger, Third Avenue and 10th Street, N. Y.: Dear Sirs—Enclosed please find one dollar for a bottle of Prof. Hoff's Consumption Cure. We have used your cure before for my father, which cured him entirely, and we want this for my brother. Yours very respectfully, MISS FLORENCE HENRICH, 11 Leath st., Utica, N. Y.

True gratitude in a few words: American Bureau, Bendiner & Schlesinger, Third Avenue and 10th Street, N. Y.: Dear Sirs—With your kind and most generous offer of one bottle of Prof. Hoff's Consumption Cure, I have been able to get rid of my cough and my chest is feeling better than it has for many months. I thank you very much for your correspondence, and would not be without the medicine, and will recommend it to any one who needs such a medicine. Enclosed find \$1.00 for same. Yours truly, MRS. JAS. A. SMITH, 140 Chandler st., Boston, Mass.

Professor Hoff desires his cure to be in the hands of every sufferer. It is humanity's medicine. The prescription is compounded in accordance with Prof. Hoff's directions and sent out by the American Bureau at Third Avenue and 10th Street, New York, at \$1.00 per bottle. For greater convenience the remedy may be had at the same price from the well and favorably known firm mentioned below.

The triangular trade mark of the American Bureau of Professor Hoff's Cure must be on the label, and this is the guarantee to the purchaser that it is the exact prescription used by Prof. Hoff at Vienna.

A 64-page book, containing complete descriptive treatise on the Professor Hoff Cure, and accurate reports of several hundred cases, is mailed free on application or may be obtained by calling at these well known druggists.

IMPORTANT.—Other Hoff cures not bearing this triangular trade mark are not the authentic preparation authorized by the American Bureau. You can obtain the genuine Hoff Cure at most drug stores. The great body of honorable druggists do not stoop to substitution by selling something just as good as that which would more profit to them. The genuine Hoff cure can always be procured of the well-known druggists.

NEWARK BOYS SUCCEED.

Several of Them Are Holding Responsible Positions In Pittsburgh--Newark Men Making Their Way in New York--This Tells of Eighteen of Them.

Pittsburg, Pa., Feb. 20.—The thriving little city of Newark, Ohio, is well represented in Pittsburgh and the young men who have come from the central Ohio to make their way in the business world of Pittsburgh are all doing well.

Daniel Felix who at Newark was bookkeeper at the Weiant bakery, began in a modest position and is now in charge of the entire office force of the Keystone Commercial company, wholesale dealers in hay and grain with a capital of \$1,000,000. He has had his salary tripled and is bound to climb still higher.

Max Vance is another Newark boy who is making rapid strides in the Smoky City. Mr. Vance came to Pittsburgh six years ago after graduating from the high school and began as a clerk at \$8 a week in the office of the Pittsburgh Plate Glass company, an institution which operates twelve big glass factories, four paint factories and other industries. Mr. Vance received one promotion after another until now he is traveling auditor whose duty is to inspect the books and accounts of the company at the big warehouses in New York, Atlanta, Cincinnati, New Orleans, Minneapolis, Denver and other cities.

Something of the responsibility of this position may be gathered when it is stated that each one of these branch houses does a business ranging from \$600,000 to \$2,000,000 a year. Mr. Vance's brother "Budd" and Fred Metz, another Newark boy, are also with this company, each learning the business in one of the big factories near Pittsburgh.

Harry Cross, son of George L. Cross of Newark, now holds a good position with the Commercial, being employed in the advertising department of the paper.

Waldo Jones occupies a position of responsibility in the Pittsburgh Trust company, and his brother, Arthur Jones, is doing well with the Laird Wholesale Shoe company.

Nelson Church, formerly of Newark, is manager of the Pittsburgh office of the Western Union Telegraph company.

James Larimore, son of Dr. James Larimore of Newark, holds a first-class position with the Postal Telegraph company here.

Ralph Tucker, son of Mr. John Tucker, is another Ohioan who is "getting there." Mr. Tucker is with a big railway construction company as assistant secretary. This company

is now doing a lot of work for the Wabash line.

Dr. Reeves W. DeCrow who practiced medicine in Newark, is with the same company as surgeon, Mr. Tucker having secured the position for his friend DeCrow.

John C. White, better known in Newark as "Jack" White, is one of the live real estate men of Pittsburgh. He is a partner in the Reliance Real Estate company, a new firm, but one that is doing a splendid business.

Woodrow Johnson, son of the Rev. Mr. Johnson, who some time ago was rector of Trinity church at Newark, is city salesman for the Woodwell Hardware company, probably the largest house of the kind in the city.

Jerome Ferguson was here attending business college but he recently returned home and is now in Newark. Dil. Brooke, son of Mr. C. L. Brooke of Newark, did good service here for the Newark Lamp company, but about six months ago he went to New York where he has a fine position.

Frank C. A. Miller, another Newark man, has a good position with the B. & O. railway company here, being in the general offices of the company.

While the writer was in New York the other day he learned something about several other former Newark residents. The Allison Brothers, who conducted a bookstore in Newark, are now wholesale dealers of rugs, curtains, curtain poles, etc., with a big store on Broadway. They are doing an immense business and are of course making money. With the Allison company, Mr. Charles Wilson of Newark, holds a responsible position.

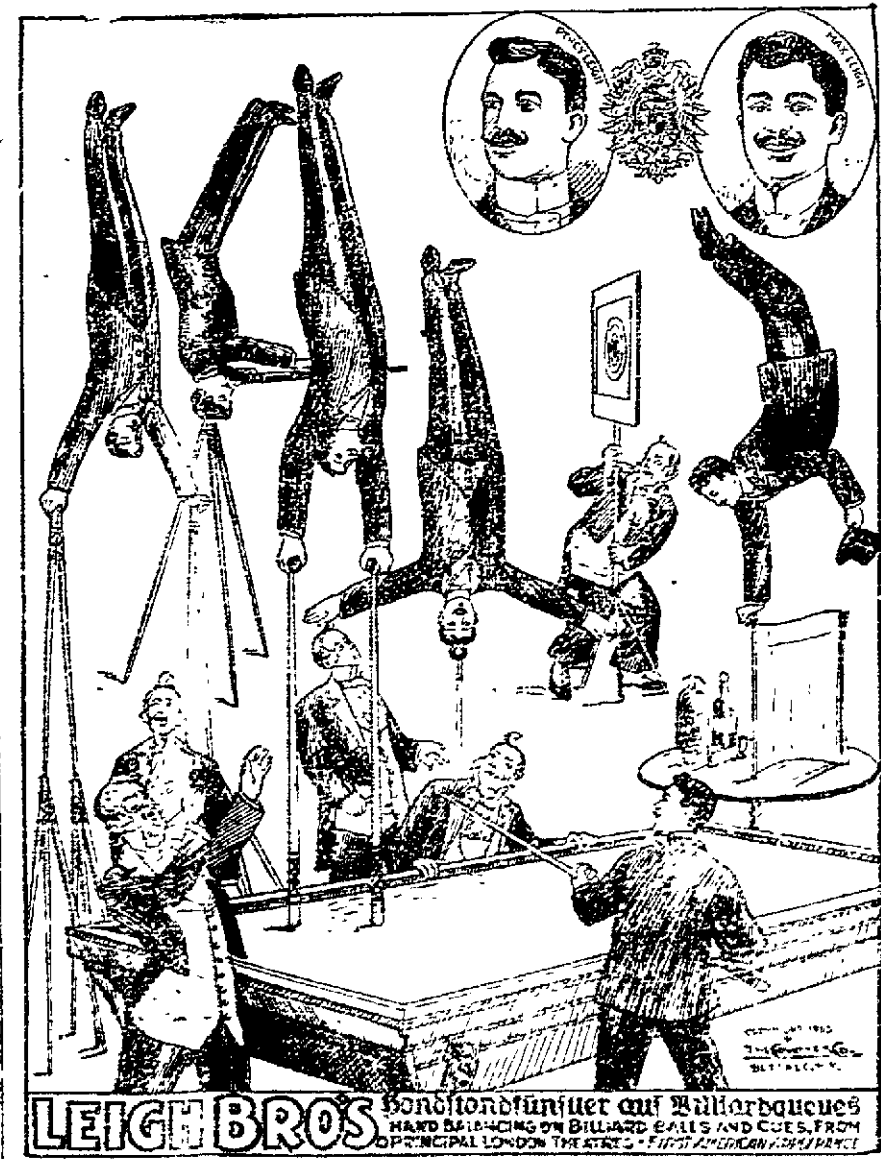

Nearly Forfeits His Life.

A runaway almost ending fatally, started a horrible ulcer on the leg of J. B. Orner, Franklin Grove, Ill. For four years it defied all doctors and all remedies. But Bucklen's Arnica Salve had no trouble to cure him. Equally good for Burns, Bruises, Skin Eruptions and Piles. 25c at Hall's drug store.

The Germans have been quietly building for three years at Tstein, on the Rhine, a fortress. Its guns command the crossing of the river from the Delfort district. The construction is so far advanced that the guns have been mounted.

John Hay's Meddling Diplomacy.

The admission has been made at Washington that Secretary Hay's "identical note" to the powers was issued in pursuance of a suggestion from European capitals. Thus another great diplomatic triumph was all arranged in advance.

But the folly and danger of this proceeding lie in the fact that we are committed thereby to interference in the turbulent politics of Europe. We cannot become a party to such movements without assuming the gravest responsibilities. When we take the lead in such an enterprise our responsibility is all the greater.

There are at least two great European powers which are vitally interested in putting an end to the splendid isolation which has characterized our foreign policy for so long a time. England wants an ally and Germany wants to break down the Monroe doctrine. Through the fussiness of Mr. Hay and his overpowering desire to figure conspicuously in the intrigues of the European capitals we appear to be on the high road to both of these consummations.

As showing how closely the American identical note involves us in the real basis of the quarrel between Russia and Japan we have only to refer to the first clause of a proposed settlement which Japan recently made to Russia in these words: "A mutual engagement to respect the independence and territorial integrity of China and Korea."

The independence and territorial integrity of China and Korea are now at stake in this war. All the negotiations on the part of Japan which had this end in view failed for the reason that Russia coveted and was apparently determined to possess herself of territory belonging to both of these countries.

It follows, therefore, that in taking the lead in the wretched business of the identical note for the "localization" of the war—that is, of undertaking to settle the territorial results of the war in advance of its conclusion—we became parties to the original dispute and as such are in a position, if this policy be persisted in, to be drawn at any moment into the conflict.

Nations which attempt to settle wars before they are fairly begun must be prepared for one of two things. They must be ready to receive a rebuff not at all calculated to promote self-respect and to make a precipitate retreat or they must stand ready, if their views are not heeded, to urge them with force. Few Americans would be inclined to look upon either one of these conclusions with much satisfaction.

The complications that are likely to grow out of this most stupid of all John Hay's blunders resulting from his fondness for personal exploitation abroad will prove once more how ineffectual with this administration is that provision of the constitution which lodges the war-making power in Congress.

We have been warned by greater and better men than John Hay to avoid entangling alliances, to promote commerce and friendly intercourse with all nations, and refrain from political connections with any of them. But here we are playing the part of a cat's

paw for somebody, presumably Great Britain, by taking the lead in a political maneuver cut and dried in advance, all for the purpose of pulling chestnuts out of the fire for British benefit.

If we are to interfere in the interminable quarrels over the balance of power in the old world, we may soon expect to see the Monroe doctrine challenged in the new world.

Furthermore, we may be fully assured that every great diplomatic triumph achieved by John Hay in European politics will be a much greater triumph for British than for American interests.

WHEN A MAN GETS FAT.

Gosh, how plump I'm gettin'! Gee, I'm turnin' stout!
Vest, once easy fittin',
Now is roundabout.
All my life I never
Weighed so much as that;
Farewell, peace, forever,
When a man gets fat.

Folks say, "How do, neighbor?"
(When I'm kind of gay)
"What you need is labor;
Gittin' stocky, hey?"
Well, they needn't shout it
Right out loud like that.
Ain't no joke about it
When a man gets fat.

Feel just like a glutton
Every time I eat.
No more pork and mutton;
No more starch and sweet;
No more pie and whisky.
(Goodness, think of that!)
Say, ain't I'm 'fisky?
When a man gets fat?

When a man gets thinner,
No one laughs at him.
All he gets for dinner
Only makes him slim.
No one tries his chaffin'
On a man like that;
All the world starts laughin'
When a man gets fat.

—Wallace Irwin in New York Globe.

Beecher and Emerson.

One day Mr. Beecher was dining beside Emerson and said, "Mr. Emerson, when you are eating this fine beef can you tell by the flavor what kind of grass the ox ate?"

"Why, no, of course not!"
"I am right glad to hear it," replied Beecher, "for I have been feeding my congregation on Emerson for many a year, and I have been afraid they would find it out." —Boston Christian Register.

from Paris and elsewhere this will not be an easy affair."

Port Arthur, Feb. 20.—An encounter in Korean territory has occurred between a Cossack picket guard and a small detachment of Japanese. The Cossacks captured several of the Japanese with maps and papers.

London, Feb. 20.—Europe is today as much at sea as ever as to the probable point of next attack in the Russo-Japanese conflict. There are numerous rumors of movements here and there but hardly one statement can be pointed to as official which would indicate in any definite way what the objective point of these movements is. Will it be a land clash on Korean or southern Manchurian soil? There are many indications pointing to this; but there are equally as many indications that the clash will come near Port Arthur, or in upper Manchuria, in the neighborhood of Mukden or New Chwang. The control of the cables and telegraph lines by the interested parties is so thorough that no authentic matter seems to be able to leak through.

Discussion today has turned from the actual fight and centers on side issues. The main feature of these issues is the possible spreading of the trouble to other nations, and possible war between the powers whose sympathies and interests make them supporters of one or the other of the belligerents. The possibility of such a clash between England and France again holds the center of the stage today in London.

This possibility has been accentuated today by the departure of Count Benckendorff, the Russian ambassador to England for home. This act has caused considerable conjecture. The uncertainty as to the significance of his departure is voiced most prominently this afternoon by the Evening Echo.

DIVORCE

Prayed For by Mrs. Charles Korzenborn in a Suit Just Filed in Court Here.

Ada Korzenborn, by attorneys, Smyth & Smyth has filed a petition in the Common Pleas court, wherein she asks for a divorce from her husband, Charles Korzenborn. The parties were married May 7, 1880 and six children were the fruit of the union. The plaintiff charges the defendant with gross neglect and cruelty. She says the defendant threatened to kill her. Smyth & Smyth are the attorneys for the plaintiff. Mrs. Korzenborn also asks for alimony.

TEACHERS

Consider School Legislation—Sentiment in Favor of the Smith Code Expressed by Them.

Quite a number of the teachers in the public schools attended the meeting of the City Teachers' Federation in the High school chapel Friday afternoon, which session was almost entirely given over to a discussion, formal and informal, of the proposed legislation governing schools.

The sentiment of the meeting was favorable to the Smith code and this was crystallized in the form of resolutions which were ordered sent to Senator Overturf and Representative Watkins, asking them to support the Smith code in preference to the Harrison code.

Miss Ida Wiegand of the Central building, read a splendid paper on "Local Taxation," and Prof. F. H. Ottman explained the differences between the three codes.

Better Than Gold.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. The United States is not the only Government that is feeling a little nervous about the big guns on its warships. The new British 9.2-inch gun is not coming up to expectations.

A large number of Scotch engineers have gone to Japan to accept positions on board of war vessels. Those who have given the matter closest attention say the weak spot of the Japanese navy is its engine rooms. It seems to be conceded that Scotland raises more and better engineers than any other land.

A WOMAN'S BACK.

The Aches and Pains will Disappear if the Advice of This Newark Citizen is Followed.

Woman's back has many aches and pains.

Most times 'tis the kidneys' fault. Backache is really kidney ache. That's why Doan's Kidney Pills cure it.

Many Newark women know this. Read what one has to say about it: Mrs. J. T. Purcell of 345 Schuler St., says: "My back ached all the time. As a rule it was very severe, but it hurt me much more when I overtaxed myself or occupied certain positions in which my back was strained considerably or when I was setting sewing. I obtained little benefit from the treatment which I took so little, in fact, that I was induced to try Doan's Kidney Pills, when advertised at Crayton's drug store in Newark. They did for me what others failed to do, for they took away from my back that distressing pain and ache. I know of friends of mine who were as much the gainers through their use as I."

COSHOCKTON

IS ASSURED OF IMPROVEMENTS THIS SPRING.

New Industry and Two Churches—Big Basket Factory is to be Established There.

Coshockton, Feb. 20—Coshockton is assured of several important improvements in the near future, including a new factory enterprise and two new church buildings.

A basket factory is the latest assured industrial project for this city. John Almack, P. C. Shepps and J. C. Warts are the men who will compose the firm which will own and conduct the new plant. It will be located on the flatiron shaped piece of ground just south of the old basket factory. The new firm has purchased the machinery belonging to the old factory of the Diamond Basket company. The

old building is to be used by the ice and cold storage company.

It is expected to have the plant ready for operation by the middle of April.

The trustees of the Church of Christ have taken up option on the Chaney property and expect to begin the erection of a very handsome brick and stone edifice about April 1.

The church, according to plans now being seriously considered will be an innovation in ecclesiastical architecture. The dimensions of the lot are 12x111 on Eight street, and an edifice will probably be erected 50x90, fronting on Main. It will be of imposing construction, and will embrace many new features, including a large library and reading room, a parlor, a shower bath, a plunge bath and a modern gymnasium.

The initial steps in the project to build a new Presbyterian church were taken at the congregational meeting held at the church Tuesday.

ALEXANDRIA KNIGHTS.

The Knights of Pythias at Alexandria celebrated the fortieth anniversary of the order on Friday night, and 704 family outdined herself. There was a large attendance and there was work in the Knight rank, after which there was a banquet. Mr. O. C. Larson was toastmaster, and toasts were responded to by a large number of those present. Each member, when called upon responded with happy and sometimes humorous remarks, which made the occasion one of the most memorable and enjoyable in the history of the lodge. Excellent music was furnished by S. S. Anderson, Wm. Cash and E. W. Berger for the occasion. The banquet was prepared by S. S. Anderson, the enterprising hotel proprietor, and was served in the lodge room. The out of town guests were Arthur Pitts, O. C. Larson and William Hammond of Newark. Alexandria lodge was initiated September 18, 1896 and is one of the most prosperous and influential lodges in the county, and the team work is unsurpassed.

WEEK'S Society and Club EVENTS

Miss Thelma Mazey entertained a few of her little friends on Monday afternoon with a birthday party. A dainty supper was served to her little guests.

On Monday evening Trinity Parish House was the scene of much merriment, the members of the Sunday school were given a supper at five o'clock. Covers were laid for one hundred and fifteen.

Miss Flora Lugenheal gave a dance at her home, 66 Vine street, on last Saturday evening in which twenty-two of her young friends participated. The guests left at a late hour, all having had a grand time.

The L. A. to B. of R. T. gave a very enjoyable social at 33 1-2 West Main street Thursday night. Progressive pedro furnished the evening's amusement, prizes being awarded to Mrs. Donahue and Mr. Horn, while consolation awards were given to Mrs. Gordon and Master Donahue.

On Sunday, February 14, there was held the beautiful christening service at the First Presbyterian church, Rev. Mr. Boyce officiating. The children christened were the infant son of Mr. and Mrs. Matt Smith, Lester Clay Smith, and the infant son of Mr. and Mrs. Charles Brown, Charles Johnson Brown.

Mrs. Joseph Moser entertained a few of her friends Tuesday afternoon at her home on Maholm street in honor of Mrs. Wit Brubaker. A very enjoyable time was had by all. Mrs. Brubaker received many handsome pieces of linen. An elegant supper was served after the "shower" which was enjoyed by all. Those present were Mrs. Harry Hull, Mrs. Ralph

lin, Cora Skinner, Charlotte Neal, Josephine Roche, Ida Moore, Mary Haight, Besse Reid, Bertha Penney, Florence Lemert, Ruth Speer, Aurelia Irwin, Stella Howard, Cassie Hillier, Misses Strathey and Dickson, Mary and George VanFossen.

Miss Ruth Speer gave a pretty heart party on Saturday afternoon from three until seven. The parlors were artistically decorated with hearts and the idea of hearts was carried out in the dainty supper which was served at six o'clock. Miss Julia McCune was awarded the prize for the most progressions. GORRECT DRESS FOR MEN

Collars, cuffs and cravats are small details in themselves, but they are essentials to the general appearance of the well dressed man. Nothing that a man wears so changes his appearance as will different shapes and styles of collars, and of course the collars may be reduced to three classes, the straight standing, wing and fold.

The standing collar has been worn more extensively than heretofore, during the past winter, the wing collar predominating. According to the preparations made at the factories in Troy, where fancies in collars have their birth, the wing and fold will be the leaders for spring.

The fold collar will range in height from 1 1-2 to 2 inches, the wide stitched shape with rounded edges being the popular favorite, while the fine trade will probably take up the square-edged collars with well defined points projecting below the band. In all collars the wide stitched ones will be worn.

For spring wear the four-in-hand will be the proper thing, the leaders being the wide ones measuring 2 1-4 inches. Later when the fold collars are worn during the summer, ties will come in, and these will be 2 1-2 inches

"Apollo has peeped thro' the shutter And awakened the witty and fair; The boarding-school belle's in a flutter,

The two-penny post's in despair; The breath of the morning is flinging A magic on blossom, on spray, And cockneys and sparrows are singing

In chorus on Valentine's Day."

The Unity Reading Circle celebrated its guest evening on Tuesday evening at the home of the Misses Connel on West Church street with a Valentine party. The house was elaborately and beautifully decorated with red and white hearts, which were festooned from the chandelier, in the doorways and over the windows. On the center of the table was a large red heart pierced with an arrow, surrounded by smilax, and all encircled by small hearts, and suspended from the ceiling over the table hung a heart of red roses and smilax. As a souvenir at each place was a red heart on which was inscribed U. R. C., February 16, 1904. Among the Amusements of the evening were the postoffice which gave each one a valentine. A large heart, colored in stripes like a target, in blue, white, green, yellow, black and red, was placed on an easel, and each guest was given a dart and pin; and was blind-folded and the color on which the dart was pinned decided the future as the accompanying verses will prove:

If your arrow hits the red.
You, I fear, will never wed.
If your arrow hits the white.
Watch! your lover comes tonight!
Should your arrow pierce the blue,
Love is on the wing for you.
She who passes one and all,
Lovers many at her call.
If your arrow hits the black,
Something good your love doth lack.
Watch! beware!! and turn your back.
Wealth and pleasure and yellow gold,
But no true love does this heart hold.
He who passes one and all,
His chance to wed is very small.
Love and riches wait I ween,
Him or her who hits the green.

Partners were chosen in unique manner. Geese were cut from cardboard, and on each was written a scrap of a Mother Goose rhyme. The cards were then cut in two pieces in a very irregular manner, and the pieces which fitted were partners for supper. There were also shadow pantomime pictures. Mrs. Land entertained the company with two beautiful vocal solos. There were fifty guests present. The club was assisted by Misses Sawyer, Coleman, Faith Roe, and Beatrice Browne.

GOOD STORIES

JUST ABOUT WEDDINGS TOLD BY MINISTERS

One Man Thought He Didn't Want the Ring Service at the Ceremony. One Paid 100 Pennies.

The Advocate today met the Rev. L. S. Boyce on the street and asked him to mention the most amusing experience he ever had at a wedding. The genial pastor hesitated a moment, and then told this good one:

"What's the damages?" said the rough western bridegroom just as the ceremony had been completed in the parsonage parlor.

"O, we never make a charge, said he, hesitatingly. "We simply take whatever fee is given us. The law, however, allows the Justice of Peace, Mayor or Clergyman to collect two dollars."

"Does it?" said the bridegroom, drawing from his pocket a fifty cent piece. "Take this, then. That will make you two dollars and a half, won't it?"

Rev. J. C. Schindel pastor of the St. Pauls church told the following good story of a man about to get married. The occurrence was one of several very funny experiences which have come to the local pastors in connection with the performance of marriage ceremonies.

The young man who is well known in Newark, came to the parsonage and requested Mr. Schindel to go with him to the home of a certain young woman who had promised and was expecting that day to become his wife. Rev. Mr. Schindel immediately dropped every duty then in hand and soon was on the street with the enthusiastic but more or less embarrassed, prospective groom.

After conversing for some little time as they walked along, the minister addressed his companion as follows:

"By the way, I forgot to ask you if you wished me to use the ring ceremony."

The young man did not immediately respond and seemed to be just a little pre-occupied, and the pastor, thinking he had not heard repeated the question.

"Oh, no, I guess not," was the reply. "I don't believe there will be enough there to form a ring, as just the relatives are expected to attend the wedding."

Rev. O. J. Nave, a former pastor of the First M. E. church of this city, once had a young man come to his study, and in all seriousness ask him what was the least fee he would take to marry a couple, as there were several in his "crowd" who expected soon to wed, and they were going to the minister whose charges were lowest, and he was out getting quotations. Mr. Nave laughingly told the young fellow that he would do the job as cheap as anybody, and he was awarded the contract.

Rev. M. L. Bates, also a former Newark minister, once told in the Advocate office of a marriage he performed, after which the groom handed him a sack containing 100 pennies.

The Fishkill, N. Y., Daily Herald printed on February 12, an extended notice of a cotillion given at the home of Benjamin L. Wilson in Fishkill Landing the previous night. The cotillion was given by Mr. Wilson and sister Miss Buena.

In the list of guests appear the names of Miss Dorothy Kibler of New York, daughter of Hon. Edward Kibler, of Newark and Miss Case of Vassar, daughter of Mr. and Mrs. Burton Case of Granville.

The Herald says in part: The cotillion was held in the spacious gymnasium of the Wilson school. The room had been daintily decorated. Red and green bunting predominated and the trimming was of cedar. The effect was to give the room a forest appearance and the arrangement was most artistic.

At twelve o'clock the cotillion began. It was led by Benjamin Lee Wilson and Miss Sarah Manypenny of Washington (formerly of Newark). From the opposite end J. Dey Lee of New York and Miss Wilson were the leaders.

Handsome favors were given. Fine chiffon scarfs were given the women and sashes with foreign orders the men. Other favors consisted of fans, hearts, butterflies, miniature steins, etc. They were exquisite and in keeping with the well conducted social affair.

Ten figures were danced, four of which were favor figures.

Hope and Health for All Women.

Zoa Phora Will Cure and Make You a Well Woman.

TRIAL BOTTLE FREE TO ALL.

Zoa Phora cures permanently and perfectly all diseases, weaknesses and irregularities of the sex, misplacements, suppressed and painful periods.

MRS. PAUL BURNS, Parshallville, Mich. Ods, flooding, leucorrhoea, kidney, bladder and liver troubles, makes childbirth easy and regulates the change of life. For the critical period of transition from maidenhood to womanhood it is a matchless remedy. All women unfit in praising it and all who have used it rejoice in its perfect health.

Mrs. Paul Burns, Parshallville, Mich., writes: "I want all my friends to know the great good Zoa Phora has done for me. I suffered for months with nervous prostration, sick headache and kidney and bladder trouble. After holding consultation, four doctors said I could not live without an operation, and I was too weak to have one. Bunches formed in my bowels and I became so sore that I lost the use of my limbs. The doctor called the bunches tumors. He said that I also had a floating kidney, and would not be any better until I had it removed in place. After using one bottle of Zoa Phora, I could stand on my feet, and after taking three bottles I could walk around the room, and after the fourth bottle I was able to walk out-of-doors."

Write the Zoa Phora Co., Kalamazoo, Mich., for a free trial bottle and copy of their illustrated medical book, "Dr. Fenzly's Advice to Women." The doctor will gladly give free special advice when needed. Zoa Phora is for sale at \$1.00 a bottle by all druggists.

NEWARK ICE PLANT

Being Practically Rebuilt and Filled With New Machinery at the Corner of St. Clair and Clinton Streets--Output 75 Tons of Pure Ice Daily.

The Newark Ice and Cold Storage company, an institution that has been a success since its establishment in 1893, is practically building a new plant at the corner of St. Clair and Clinton streets, where it has been located since it started.

A large addition is being built of brick and iron to house five new boilers, with an aggregate of 340 horse power, and two new Corliss engines and compressors.

Each compressor has an accompanying engine and the connections are so made that either one or both may be used at any time.

With the new equipment the plant will have a capacity of 75 tons of ice per day, made by the two compressors and two tanks, one being a cold storage tank and the other two freezing tanks. Each tank is connected with each compressor by a system of cross connections so that all or any one may be used at any time.

The immense boiler capacity is necessary from the fact that all the ice made at this plant is manufactured from condensed steam, the water thus obtained being then boiled after which it is filtered, so that the ice thus obtained is absolutely pure.

The aim will be to get the new plant in operation by April 1, but this will depend upon the weather. The home dealers will first be supplied from the output, and then other customers will

be served, considerable being probably shipped to Columbus and other cities.

The present officers of the Newark Ice and Cold Storage company are:

H. S. Fleck, President.
F. G. Warden, Vice President.
F. S. Wright, Treasurer.

F. A. Crane, Secretary and Manager.
The cold storage capacity at the plant is 9999 cases of eggs, and some butter, which is always taken.

Escaped an Awful Fate.

Mr. H. Hains of Melbourne, Fla., writes, "My doctor told me I had Consumption and nothing could be done for me. I was given up to die. The offer of a free trial bottle of Dr. King's New Discovery for Consumption, induced me to try it. Results were startling. I am now on the road to recovery and owe all to Dr. King's New Discovery. It surely saved my life." This great cure is guaranteed for all throat and lung diseases by Hall's drug store. Price 50c and \$1.00. Trial bottles free.

NEWARK MAN

NUMBERED AMONG THOSE HURT AT BRIDGEPORT.

Enraged Tramp Turned on Gas—He Wanted Some One to Buy "Booze" For Him.

The Advocate on Thursday printed a telegraphic report of the natural gas explosion at Bridgeport, Ohio, but another message just received from Bridgeport says that one of the men who was fatally burned was William Knox of Newark. It is believed that the explosion at the Crystal Glass works was a deliberate attempt on the part of Frank Jerome, says the dispatch, to kill other members of the tramp gang numbering a dozen, who were sleeping in a dug out.

Jerome, it is said, had declared he would cremate them unless they produced money to buy booze. When they refused he broke a big gas main and

EMERGENCY RATION

A man has lived forty days without other food than his own fat.

Fat is man's emergency ration. The fat is stored in convenient hollows all over the body against the day of necessity.

Consumption makes heavy demand on the storage of fat. Nature uses fat to fight the disease. The crying need of the consumptive is fat.

Scott's Emulsion contains the best fat to be had, next to human fat itself. Scott's Emulsion is a natural substitute for human fat. It prevents waste. It furnishes the consumptive with nature's own weapon for fighting the disease.

SCOTT & BOWNE 409 Pearl Street, New York

two of the injured men say he deliberately struck a match, igniting the gas. He is under arrest, along with five others of the gang.

The injured men say that Frank Sullivan would have been murdered by other members of the gang but for the explosion.

The scratch of a pin may cause the loss of a limb or even death when blood poisoning results from the injury. All danger of this may be avoided, however, by promptly applying Chamberlain's Pain Balm. It is an antiseptic and unequalled as a quick healing liniment for cuts, bruises and burns. For sale by all druggists.

CRUSHED UNDER WHEELS.

Details of the Horrible Death of August F. Steen Who For Over Twenty Years Had Been in The Employ of the Baltimore & Ohio Railway Company.

August F. Steen, aged 45 years, a car repairer at the B. & O. shops, was almost instantly killed about 3:30 Friday afternoon in the B. & O. yards, near Webb street, as briefly and exclusively announced in that evening's Advocate.

The accident which resulted in the life of a faithful employe being crushed out, seems to have been the result of gross carelessness on the part of some one, and this but adds to the distressing features of the accident.

With several other employes the unfortunate man was engaged at work on the repair track, where it is understood that no engines should run while the men were at work. This is a precaution that is made necessary by the fact that there are men here at all times underneath the cars that are being repaired.

Steen and his companions were repairing a passenger coach, and were engaged in pushing a set of wheels along the track, when an engine, without any warning, pushed the crane car onto the repair track. The three men were warned and two had narrow escapes, but either Steen did not hear the warning or he slipped as he attempted to get off the track.

At any rate he was knocked down and the car passed over the right side of the abdomen, cutting the body almost in two, the right leg being completely severed. It is said that a switchman made a mistake in turning the switch. He thought the switch was open, but as a matter of fact it was set right. When he threw this switch it sent the car onto the repair track before he noticed his mistake.

Steen died almost instantly from his frightful injuries. Bowers & Bradley's ambulance removed the body to their undertaking establishment, where it was viewed by Coroner C. F. Legg, and then prepared for burial.

The funeral will take place from the

German Presbyterian church, of which Mr. Steen was a member, at 1:30 on Monday afternoon, Rev. W. A. Berger conducting the services. Interment in Cedar Hill cemetery.

The deceased was a highly respected citizen and for 23 years had worked for the B. & O., having never before his death received a scratch. He leaves a wife and two sons, George and Fred Steen, both of Newark.

He was a member of Roland Lodge, 305, Knights of Pythias, Bayard Taylor Council, 121, Royal Arcanum, and Newark Council, No. 1, American Protective Union.
